Description. American Encounters provides a narrative of the history of American art that focuses on historical encounters among diverse cultures, upon broad structural transformations such as the rise of the middle classes and the emergence of consumer and mass culture, and on the fluid conversations between "high" art and vernacular expressions. The text emphasizes the intersections among cultures and populations, as well as the exchanges, borrowings, and appropriations that have enriched ...

Title / Author Type Language Date / Edition Publication: 1. American encounters : art, history, and cultural identity: 1.

"Contextual in approach, this text draws on socio-economic and political studies as well as histories of religion, science, literature, and popular culture, and explores the diverse, conflicted history of American art and architecture. Thematically interrelating the visual arts to other material artifacts and cultural practices, the text examines how artists and architects produced artwork that visually expressed various social and political values."--Publisher's website.

Essays that suggest new ways of understanding the role that US actors and agencies have played in Latin America." - publisher.

A collection of articles that describe the relationships and encounters between Native Americans and Europeans throughout American history.

Based on the travels of Griffis, Morse, and Hearn in the late 1800s, these stories evoke the immediacy of daily experience in Meiji, Japan, a nation still feudal in many of its habits yet captivating to Westerners for its gentleness, beauty, and pure charm. Illustrated.

The five centuries which have passed since the discovery of the New World have not diminished the overwhelming importance or strangeness of the early encounter between Europeans and native Americans. This collection of essays offers a multidisciplinary approach to this meeting of cultures.

"A collection of essays presenting international perspectives on the narratives and the practices grounding the scholarly study of American art"--Provided by publisher.

This Companion authoritatively points to the main areas of enquiry within the subject of African American art history. The first section examines how African American art has been constructed over the course of a century of published scholarship. The second section studies how African American art is and has been taught and researched in academia. The third part focuses on how African American art has been reflected in art galleries and museums. The final section opens up understandings of what we mean when we speak of African American art. This book will be of interest to graduate students, researchers, and professors and may be used in American art, African American art, visual culture, and culture classes.

The idea of crossing the border between the United States and what award-winning anthropologist Jos\u00e9 Lim\u00f3n calls "Greater Mexico" has always conjured images of racial hostility and exclusion. Through literature, film, song, and dance, American Encounters explores an alternative history of attraction and desire between the U.S. and Greater Mexico, offering a vision of hope for the future.

The first comprehensive study of Moche mural art, this landmark book develops a methodology of archaeo art history to examine image-making and visual experience in an era of ancient Peruvian history before the use of writing.
