This book represents a comprehensive, authoritative and up-to-date analysis of key sectors in the hospitality and tourism industries in China and India, and will address the market's growing need for information on Tourism in China and India. The text will be written in an accessible style drawing on the authors' wealth of theoretical, educational and industry experience. The text will contain inputs from academic colleagues and commercial contacts from the identified region. Case studies will give real life experiences of hospitality and tourism companies and organisations operating in this region and will include interactive exercises and discussion points.

The hospitality, travel, and tourism industries play a major role in citizen wellbeing, socio-cultural integration, and the economic advancement of a nation. The industries are increasingly complex in operation, demanding excellence across a far-reaching and diverse set of capabilities and changes in management practices across the board. With growing expectations for a better service quality from the users and endless calls for value-added service, managers are under constant pressure to improve their services across all aspects while growing customer numbers to meet various stakeholder expectations. Contemporary Management Approaches to the Global Hospitality and Tourism Industry is a key reference source that provides crucial knowledge on the application of new management practices and trends in the tourism industry. While highlighting topics such as service quality, culture sensitivity, and brand marketing, this publication explores the influence of globalization and the methods of sustainable business practices. This book is ideally designed for managers, hotel directors, restaurateurs, researchers, industry professionals, professors, and students seeking cutting-edge hospitality and tourism management strategies.

\* State of the art reviews of sub fields of tourism - must-have information by experts in their field; \* Every review is a multi-dimensional "one-stop shop" of information, equipping the reader with all they need to learn about each topic, saving valuable research time;

This book presents significant theoretical and empirical studies of various aspects of hospitality and tourism from the perspectives of both tradition and innovation. With thirty-nine contributors from Bulgaria, Croatia, Indonesia, Italy, Portugal, Slovenia, Switzerland, Turkey, and the USA, it offers a collection of recent regional and marketing studies. The first part is dedicated to traditional tourism and hospitality issues ranging from tourism policy and planning and management practices, through cultural event marketing to the need for more intercultural communication. Special attention is paid to new developments in specialised types of tourism and specific tourist destinations. The second part of the book deals with new developments in the tourism industry offering a range of chapters on new technologies and techniques, the modern concept of urban and city tourism development and specific new and innovative tourism types and products.

Presents a different approach to the study of tourism, considering issues such as the changing world order, destination marketing, tourism ethics and pro-poor tourism. This book highlights the ongoing threats from terrorism and health scares faced by the tourism industry, and discusses the related security and risk management strategies.

The tourism industry is the largest service industry and the largest employment generator in the world. This was made possible by increasing globalization and disposable income, with the labor force playing an important role. Factors such as quality of services and business performance depend on a well-educated, well-trained, skilled, enthusiastic, and committed workforce. Contemporary Human Resources
