Drawing on the research and experience of fifteen internationally recognized Latin America scholars, this insightful text presents an overview of inter-American relations during the first decade of the twenty-first century. This unique collection identifies broad changes in the international system that have had significant affects in the Western Hemisphere, including issues of politics and economics, the securitization of U.S. foreign policy, balancing U.S. primacy, the wider impact of the world beyond the Americas, especially the rise of China, and the complexities of relationships between neighbors. Contemporary U.S.-Latin American Relations focuses

on the near-neighbors of the United States—Mexico, Cuba, the Caribbean and Central America—as well as the larger countries of South America—including Argentina, Brazil, Chile, Colombia, Peru, and Venezuela. Each chapter addresses a country's relations with the United States, and each considers themes that are unique to that country's bilateral relations as well as those themes that are more general to the relations of Latin America as a whole. This cohesive and accessible volume is required reading for Latin American politics students and scholars alike.

those themes that are more general to the relations of Latin America as a whole. The book also features new chapters on transnational criminal violence, the Latino diasporas in the United States, and U.S.-Latin American migration. This cohesive and accessible volume is required reading for Latin American politics students and scholars alike.

This book examines U.S.–Latin American relations from an historical, contemporary, and theoretical perspective. By drawing examples from the distant and more recent past—and interweaving history with theory—Williams illustrates the enduring principles of International Relations theory and provides students the conceptual tools to make sense of inter-American relations. It is

A masterful guide for how to organize facts, think systematically about issues, weigh competing explanations, and confidently draw your own conclusions regarding the past, present, and future of international politics in the region.

In 1958, angry Venezuelans attacked Vice President Richard Nixon in Caracas, opening a turbulent decade in Latin American-U.S. relations. In *Yankee No!* Alan McPherson sheds much-needed light on the controversial and pressing problem of anti-U.S. sentiment in the world. Examining the roots of anti-Americanism in Latin America, McPherson focuses on three major crises: the Cuban Revolution, the 1964 Panama riots, and U.S. intervention in the Dominican Republic. Deftly combining cultural

## Contemporary Us Latin

and political analysis, he demonstrates the shifting and complex nature of anti-Americanism in each country and the love-hate ambivalence of most Latin Americans toward the United States. When rising panic over "Yankee hating" led Washington to try to contain foreign hostility, the government displayed a surprisingly coherent and consistent response, maintaining an ideological self-confidence that has outlasted a Latin American diplomacy torn between resentment and admiration of the United States. However, McPherson warns, U.S. leaders run a great risk if they continue to ignore the deeper causes of anti-Americanism. Written with dramatic flair, *Yankee No!* is a timely, compelling, and carefully researched contribution to international history. Table of

Contents: Introduction Anti-Americanism as Historical Problem 1. The Road to Caracas Or, Richard Nixon Must Get Stoned 2. Cuba, 1959 Revolutionary Anti-Americanism and U.S. Panic 3. Panama, 1964 Conservative Anti-Americanism and U.S. Pragmatism 4. Dominican Republic, 1965 Episodic Anti-Americanism and U.S. Containment Epilogue Toward Global Anti-Americanism Abbreviations Notes Selected Sources Acknowledgments Index Reviews of this book:

McPherson examines the years from 1958 to 1966, when anti-Americanism was a prominent theme in inter-American diplomacy, to deliver a helpful reminder that anti-Americanism is not a new phenomenon nor a product only of the Middle East--and that it has been confronted quite

effectively in the past, at least when its sources were sought out and taken seriously. He provides several vivid case studies, starting with the attacks on Vice President Richard Nixon in Caracas and continuing on to Cuba, Panama, and the Dominican Republic. Together, these examples show the variability and ambivalence of anti-Americanism; they also emphasize the importance of U.S. policies that respond to its challenges rather than dismissing it as a cynical invention of alienated elites...This well-written and balanced book should be required reading in the White House, in Langley, and around Foggy Bottom.

--Foreign Affairs Alan McPherson has not only made a valuable contribution to the literature on U.S.-Latin American relations but, more importantly, he has provided a superb

analysis of anti-Americanism by identifying its variability, its ambivalence, and the U.S. resilience in confronting the challenge during the critical years framed in this book. In his sophistication and in his writing he demonstrates all the attributes of a seasoned historian. --Lester D.

Langley, author of *The Americas in the Modern Age* McPherson expertly extends the field of U.S. foreign relations into social and cultural history. In his analysis of U.S. relations with Cuba, the Dominican Republic, and Panama, he deftly avoids the trap of writing international history solely with the 'view from Washington' perspective. I unequivocally recommend it. --Stephen Rabe, author of *Eisenhower and Latin America* This timely, deeply researched, analytically rigorous, and handsomely written

study probes the many anti-Americanisms that have bedeviled U.S. relations with Latin America. Why do they hate us?' is an urgent question today. McPherson impressively demonstrates that it has profound historical roots that can inform caring policymakers eager to prevent global violence. --Thomas G. Paterson, author of *Contesting Castro*

McPherson opens a revealing window on the heretofore elusive phenomenon of anti-Americanism. In so doing he takes his place in the front ranks of younger scholars writing about U.S. foreign relations. --William Walker, Florida International University

the present. Methodologically interdisciplinary, yet comparative and historical, this collection will benefit all readers interested in the complex and ever-evolving “American” relationship.

## American Relations

Providing a balanced and interdisciplinary interpretation, this comprehensive reader traces the troubled U.S.–Latin American relationship from the beginning of the nineteenth century to the post 9/11 period. Thoroughly revised and updated, the second edition includes original essays on critical issues such as immigration and the environment. In addition, a new section helps students understand the most important themes and topics that unify and divide the United States and Latin American nations today. The readings are framed by the editors' opening

chapter on the history of the relationship, part introductions, and abstracts for each selection. Methodologically interdisciplinary, yet comparative and historical in organization and structure, this collection will benefit students and specialists of Latin America's complex historical, social, and political relationship with its northern neighbor.

Two decades ago affairs between the United States and Cuba had seen little improvement from the Cold War era. Today, U.S.-Cuban relations are in many respects still in poor shape, yet some cooperative elements have begun to take hold and offer promise for future developments. Illustrated by the ongoing migration agreement, professional military-to-military relations at the perimeter of the U.S.

# Download File PDF Contemporary Us Latin

base near Guantánamo, and professional Coast Guard-Guardafrontera cooperation across the Straits of Florida, the two governments are actively exploring whether and how to change the pattern of interactions. The differences that divide the two nations are real, not the result of misperception, and this volume does not aspire to solve all points of disagreement. Drawing on perspectives from within Cuba as well as those in the United States, Canada, and Europe, these authors set out to analyze contemporary policies, reflect on current circumstances, and consider possible alternatives for improved U.S.-Cuban relations. The resulting collection is permeated with both disagreements and agreements from leading thinkers on the spectrum of issues the two countries

trade partnership and often-tense migration positions. The ideal introduction to U.S.-Mexican relations, this book moves from conflicts all through the nineteenth century up to contemporary democratic elections in Mexico. Domínguez and Fernández de Castro deftly trace the path of the relationship between these North American neighbors from bloody conflicts to (wary) partnership. By covering immigration, drug trafficking, NAFTA, democracy, environmental problems, and economic instability, the second edition of *The United States and Mexico* provides a thorough look back and an informed vision of the future.
