Group process refers to how an organization's members work together to get things done. Typically, organizations spend a great deal of time and energy setting and striving to reach goals but give little consideration to what is happening between and to the group's greatest resource - its members. While working hard to achieve results, it is critical that members' needs be addressed.

form their groups, help negotiate the group process, and decide how to evaluate the final product. Johnson, Johnson and Smith (1991) suggest that group tasks should be integral to the course objectives. This means that the group work should complement the learning objectives outlined in the syllabus.

All of the principles of assessment that apply to individual work apply to group work as well.

Assessing group work has added challenges, however.

First, depending on the objectives of the assignment, the instructor might want to assess the team's final product (e.g., design, report, presentation), their group processes (e.g., ability to meet deadlines, contribute fairly, communicate effectively), or both.
