How-to guidance for optimizing incumbent technologies to deliver a better product and gain competitive advantage Their zip codes are far from Silicon Valley. Their SIC codes show retail, automobile or banking. But industry after industry is waking up to the opportunity of "smart" products and services for their increasingly tech-savvy customers. Traditionally technology buyers, they are learning to embed technology in their products and become technology vendors. In turn, if you analyze Apple, Google, Amazon, Facebook, Twitter and eBay, you marvel at their data centers, retail stores, application ecosystems, global supply chains, design shops. They are considered "consumer" tech but have better technology at larger scale than most enterprises. The old delineation of technology buyer and vendor is obsolete. There is a new definition for the technology elite - and you find them across industries and geographies. The 17 case studies and 4 guest columns spread through The New Technology Elite bring out the elite attributes in detail. Every organization will increasingly be benchmarked against these elite - and soon will be competing against them. Contrasts the productivity that Apple, Google and others have demonstrated in the last decade to that of the average enterprise technology group Reveals how to Leverage what companies have learned from Google, Apple, Amazon.com, and Facebook to your company's advantage Designed for business practitioners, CEOs, CFOs, CIOs, technology vendors, venture capitalists, IT consultants, marketing executives, and policy makers Other titles by Winnie Mirchandani: The New Polymath: Profiles in Compound-Technology Innovations If you're looking to encourage technology innovation, look no further. The New Technology Elite provides the building blocks your company needs to become innovative through incumbent technologies.

When a nation is steeped in terror and the irredeemable one percent are dropping like flies...will John Constantine lift a finger? If so, which finger? Dceased writer Tom Taylor teams with Darick Robertson, artist of Transmetropolitan and The Boys, for an all-new John Constantine story! A billionaire falls out of the sky and is gruesomely skewered on a church spire. Bizarrely, angel wings are attached to his back. More follow until, hallelujah, it's raining businessmen. Detective Aisha Bukhari is stumped until she's visited by her childhood friend, occult investigator John Constantine. John discovers a link between the falling elite and a shocking moment in his and Aisha's misspent youth. How do these killings tie to the first death on John's hands? How does this involve heaven and hell? Even if this is kind of John's fault, will Constantine be happy to let a few more rich bastards fall from the sky, like a vindictive Robin Hood? Collects the acclaimed three-issue miniseries.

From its ancient incarnation as a song to recent translations in modern languages, Homeric epic remains an abiding source of inspiration for both scholars and artists that transcends temporal and linguistic boundaries. The Cambridge Guide to Homer examines the influence and meaning of Homeric poetry from its earliest form as ancient Greek song to its current status in world literature, presenting the information in a synthetic manner that allows the reader to gain an understanding of the different strands of Homeric studies. The volume is structured around three main themes: Homeric Song and Text; the Homeric World, and Homer in the World. Each section starts with a series of 'macropedia' essays arranged thematically that are accompanied by shorter complementary 'micropedia' articles. The Cambridge Guide to Homer thus traces the many routes taken by Homeric epic in the ancient world and its continuing relevance in different periods and cultures.

Awesome adventures inspired by the best-selling Pokémon Black Version and Pokémon White Version video games! Meet Pokémon Trainers Black and White! White has a burgeoning career as a Trainer of performing Pokémon. Black is about to embark on a training journey to explore the Unova region and fill a Pokédex for Professor Juniper.
