Two years in MBA school won't teach you how to double the market's return. Two hours with The Little Book That Beats the Market will. In *The Little Book*, Joel Greenblatt, Founder and Managing Partner at Gotham Capital (with average annualized returns of 40% for over 20 years), does more than simply set out the basic principles for successful stock market investing.

The Little Book That Beats the Market by Joel Greenblatt

The Little Book That Still Beats the Market is a New York Times bestseller that introduces and explains a simple formula that enables anyone to make above-average returns on the stock market.

The Little Book That Still Beats the Market

In 2005, Joel Greenblatt published a book that is already considered one of the classics of finance literature. In *The Little Book that Beats the Market*—a New York Times bestseller with 300,000 copies in print—Greenblatt explained how investors can outperform the popular market averages by simply and systematically applying a formula that seeks out good businesses when they are available at bargain prices. Now, with a new Introduction and Afterword for 2010, *The Little Book that Still Beats the Market* updates and expands upon the research findings from the original book. Included are data and analysis covering the recent financial crisis and model performance through the end of 2009. In a straightforward and accessible style, the book explores the basic principles of successful stock market investing and then reveals the author's time-tested formula that makes buying above average companies at below average prices automatic. Though the formula has been extensively tested and is a breakthrough in the academic and professional world, Greenblatt explains it using 8th grade math, plain language and humor. He shows how to use his method to beat both the market and professional managers by a wide margin. You'll also learn why success eludes almost all individual and professional investors, and why the formula will continue to work even after everyone “knows” it. While the formula may be simple, understanding why the formula works is the true key to success for investors. The book will take readers on a step-by-step journey so that they can learn the principles of value investing in a way that will provide them with a long term strategy that they can understand and stick with through both good and bad periods for the stock market. As the *Wall Street Journal* stated about the original edition, “Mr. Greenblatt...says his goal was to provide advice that, while sophisticated, could be understood and followed by his five children, ages 6 to 15. They are in luck. His ‘Little Book’ is one of the best, clearest guides to value investing out there.”

THE NEW YORK TIMES BESTSELLING PHENOMENON From Beth Kery, the national bestselling author of *Explosive*, comes a red-hot romance like no other—where the rules of attraction are broken with that first electrifying touch. Meet Francesca and Ian. The fantasies of what’s to come begin ... Because You Are Mine, Part I Because You Tempt Me It starts with that first look, when you know you have to have him ... Francesca Arno has been commissioned to create a grand centerpiece painting for the lobby of Ian Noble’s new skyscraper. It’s at a cocktail party in her honor that she first meets him—and the attraction is immediate for Francesca. It’s also bewildering. She’s not used to such a wholesale sexual response to a stranger. Enigmatic, darkly intense, with a commanding presence, Ian completely unnerves her. And she likes it. For Ian, she’s the kind of woman he can’t resist—one that comes all too rarely: a true innocent. But he can sense in her a desire to open up, to experiment, to give herself to the fantasies of a man in control. The first kiss, the first caress, the first challenge for a woman who craves what she’s never had—a man who gets what he wants. More to come. Don’t miss *Because You Are Mine, Part II*, available 8/7

A hedge fund manager and Columbia Business School professor shows, in step-by-step fashion, how “beating the market” can be made simple and easy for investors of any age.

Protect assets during times of crisis with this new edition of the New York Times bestseller! When the first edition of this book appeared it was before the economic crash. This new edition shows how David Darst's particular kind of asset allocation helped his investors during that volatile period. It also contains a discussion of downside and risk tolerance and new self-tests for determining your risk tolerance. And, finally, it reveals how the asset allocation model has changed since 2008. In all of these areas, the author will continue to include new insightful anecdotes like those that peppered the first edition. Shows how to tap into the use of asset allocation strategies to protect your investments Offers updated information on downside and risk tolerance The next step resource from a managing director of Morgan Stanley and the bestselling author David Darst Includes a Foreword by Jim Cramer David Darst reveals how to use asset allocation to increase your portfolio that tap into the investment strategies of the wealthy.

There are many ways to make money in today's market, but the one strategy that has truly proven itself over the years is value investing. Now, with *The Little Book of Value Investing*, Christopher Browne shows you how to use this wealth-building strategy to successfully buy bargain stocks around the world.

In 2005, Joel Greenblatt published a book that is already considered one of the classics of finance literature. They are in luck. His ‘Little Book’ is one of the best, clearest guides to value investing out there.”

Profit from a powerful, proven investment strategy *The Little Book That Makes You Rich* is the latest book in the popular “Little Book, Big Profits” series. Written by Louis Navellier -- one of the most well-respected and successful growth investors of our day -- this book offers a fundamental understanding of how to get rich using the best in growth investing strategies. Navellier has made a living by picking top, actively traded stocks and capturing unparalleled profits from them in the process. Now, with *The Little Book That Makes You Rich*, he shows you how to find stocks that are poised for rapid price increases, regardless of overall stock market direction. Navellier also offers the statistical and quantitative measures needed to measure risk and reward along the path to profitable growth stock investing. Filled with in-depth insights and practical advice, *The Little Book That Makes You Rich* gives individual investors specific tools for selecting stocks based on the factors that years of research have proven to lead to growth stock profits. These factors include analysts' moves, profit margins expansion, and rapid sales growth. In addition to offering you tips for not paying too much for growth, the author also addresses essential issues that every growth investor must be aware of, including which signs will tell you when it's time to get rid of a stock and how to monitor a portfolio in order to maintain its overall quality. Accessible and engaging, *The Little Book That Makes You Rich* outlines an effective approach to building true wealth in today's markets. Louis Navellier (Reno, NV) has one of the most exceptional long-term track records of any financial newsletter editor in America. As a financial analyst and editor of investment newsletters since 1980, Navellier's recommendations (published in *Emerging Growth*) have gained over 4,806 percent in the last 22 years, as confirmed by a leading independent newsletter rating service, The Hubert Financial Digest. *Emerging Growth* is one of Navellier's four services, which also includes his *Blue Chip Growth* service for large-cap stock investors, his *Quantum Growth* service for active traders seeking shorter-term gains, and his *Global Growth* service for active traders focused on high growth global stocks.

The key to building wealth the low-priced stock way Low-priced gems, or what author Hilary Kramer calls “breakout stocks” come in all kinds of shapes and sizes but they all have three things in common: (1) they are mostly under \$10; (2) they are undervalued; and (3) they have specific catalysts in the near future that put them on the threshold of breaking out to much higher prices. In *The Little Book of Big Profits* from Small Stocks, small stock expert Hilary Kramer looks for stocks with fifty to two hundred percent upside potential! From drug stocks that may have been punished because an FDA approval failed to materialize when Wall Street expected it to, to the overly zealous selling off of Ford, there are many great low-priced stock opportunities. In this Little Book you'll learn: How to identify the low cost stocks that have the potential to yield big profits The most important secret to making money in stock investing Plus, you'll gain instant access to a website with educational videos, interactive tools and stock recommendations The Little Book of Big Profits from Small Stocks explains Kramer's methodology and gives you the ability to analyze the opportunities to pick your own winners.

In *The Little Book That Builds Wealth*, author Pat Dorsey—the Director of Equity Research for leading independent investment research provider Morningstar, Inc.—reveals why competitive advantages, or economic moats, are such strong indicators of great long-term investments and examines four of their most common sources: intangible assets, cost advantages, customer-switching costs, and network economics. Along the way, he skillfully outlines this proven approach and reveals how you can effectively apply it to your own investment endeavors.

A detailed guide to overcoming the most frequently encountered psychological pitfalls of investing Bias, emotion, and overconfidence are just three of the many behavioral traits that can lead investors to lose money or achieve lower returns. Behavioral finance, which recognizes that there is a psychological element to all investor decision-making, can help you overcome this obstacle. In *The Little Book of Behavioral Investing*, expert James Montier takes you through some of the most important behavioral challenges faced by investors. Montier reveals the most common psychological barriers, clearly showing how emotion, overconfidence, and a multitude of other behavioral traits, can affect investment decision-making. Offers time-tested ways to identify and avoid the pitfalls of investor bias Author James Montier is one of the world's foremost behavioral analysts Discusses how to learn from our investment mistakes instead of repeating them Explores the behavioral principles that will allow you to maintain a successful investment portfolio Written in a straightforward and accessible style, *The Little Book of Behavioral Investing* will enable you to identify and eliminate behavioral traits that can hinder your investment endeavors and show you how to go about achieving superior returns in the process. Praise for *The Little Book Of Behavioral Investing* “The Little Book of Behavioral Investing is an important book for anyone who is interested in understanding the ways that human nature and financial markets interact.” —Dan Ariely, James B. Duke Professor of Behavioral Economics, Duke University, and author of *Predictably Irrational* “In investing, success means being on the right side of most trades. No book provides a better starting point toward that goal than this one.” —Bruce Greenwald, Robert Heilbrunn Professor of Finance and Asset Management, Columbia Business School “Know thyself: Overcoming human instinct is key to becoming a better investor. You would be irrational if you did not read this book.” —Edward Bonham-Carter, Chief Executive and Chief Investment Officer, Jupiter Asset Management “There is not an investor anywhere who wouldn't profit from reading this book.” —Jeff Hochman, Director of Technical Strategy, Fidelity Investment Services Limited “James Montier gives us a very accessible version of why we as investors are so predictably irrational, and a guide to help us channel our ‘Inner Spock’ to make better investment decisions. Bravo!” —John Mauldin, President, Millennium Wave Investments
