These people will tell you that they have woken up every day at 6:00 a.m. for twenty years and don't even bother to set the alarm anymore. How do they do that? In *The Living Clock*, Professor John Palmer tells us the story of the discovery of the internal clocks which exist in almost every living thing, from bacteria to humans. This book is both a work of scientific popularization and a scientific autobiography since Professor Palmer has personally contributed a great deal to our ...
