Training Manuals are items that grant Bridge Officers access to new abilities. Manuals are consumables, i.e., a single Training Manual can only be used on a single officer, after which it disappears. In general two kinds of Training Manuals exist: 1) Manuals for a single ability (common, uncommon, rare, or very rare; depending on the kind and rank of the ability), and 2) Specialization ...

*AIC 07 2008 TYPE RATING TRAINING ORGANISATION*

Training manuals play a critical role in employee training by teaching new employees about a company and its processes. Existing employees grow and learn about new systems, tools, or software. Employees who are not constantly learning or new hires who are not familiar with the tools, apps, software, or machinery used by their company can become disengaged in their work.

Although EASA suggest that the operations and training manuals can also be sent at this stage it's not a requirement. The application will be checked for eligibility, this does not include any 'technical evaluation', so would include things like confirming that EASA is the correct competent authority for the application.
